Sub-total: 26.85

**Submit to Process**

Check fulfillment service that imports, prints  
& mails your payments instantly!

Proud to sync with QuickBooks

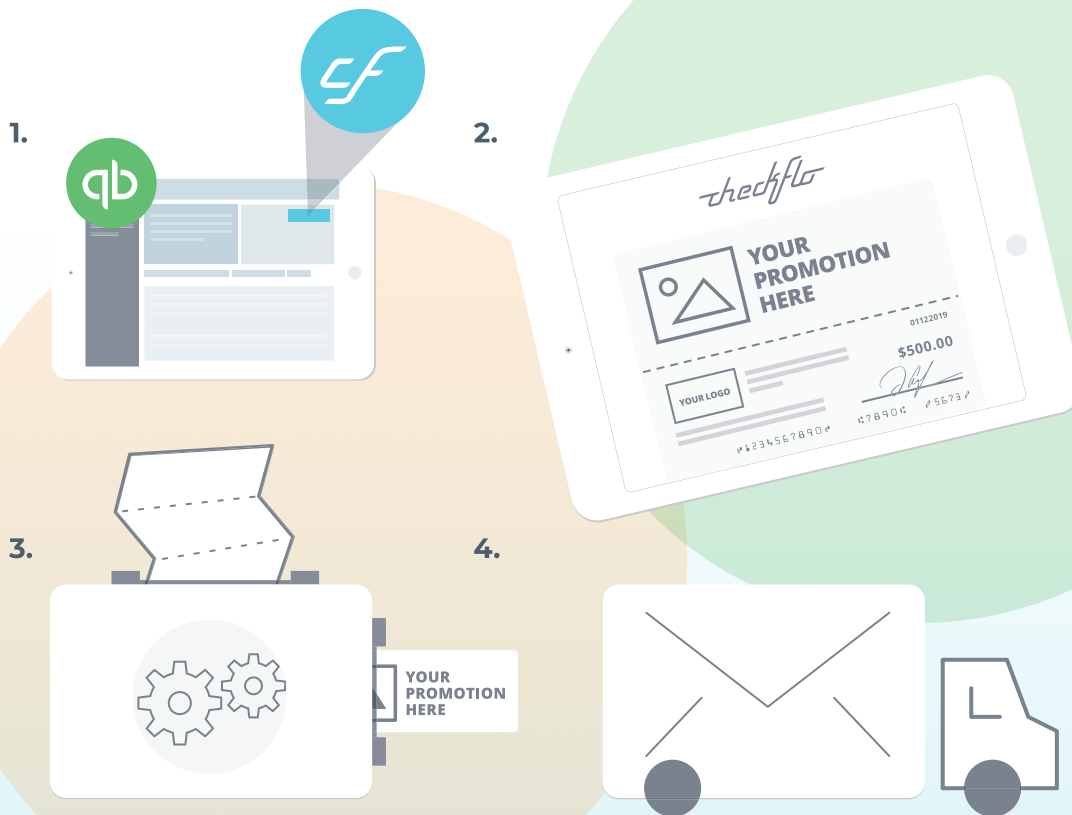

# Check Automation

The way accounts payable should be

## Seamlessly connect to existing accounting software:

Managing company checks can involve juggling a variety of tools and platforms, leaving lots of room for error. With Checkflo, the process of issuing, printing, and delivering checks is entirely automated when integrated within your current accounting program. We sync to existing invoices and contact information, which means there's no risk of data loss or fraud.

- ✓ QuickBooks
- ✓ CSV File Upload
- ✓ API Web Services

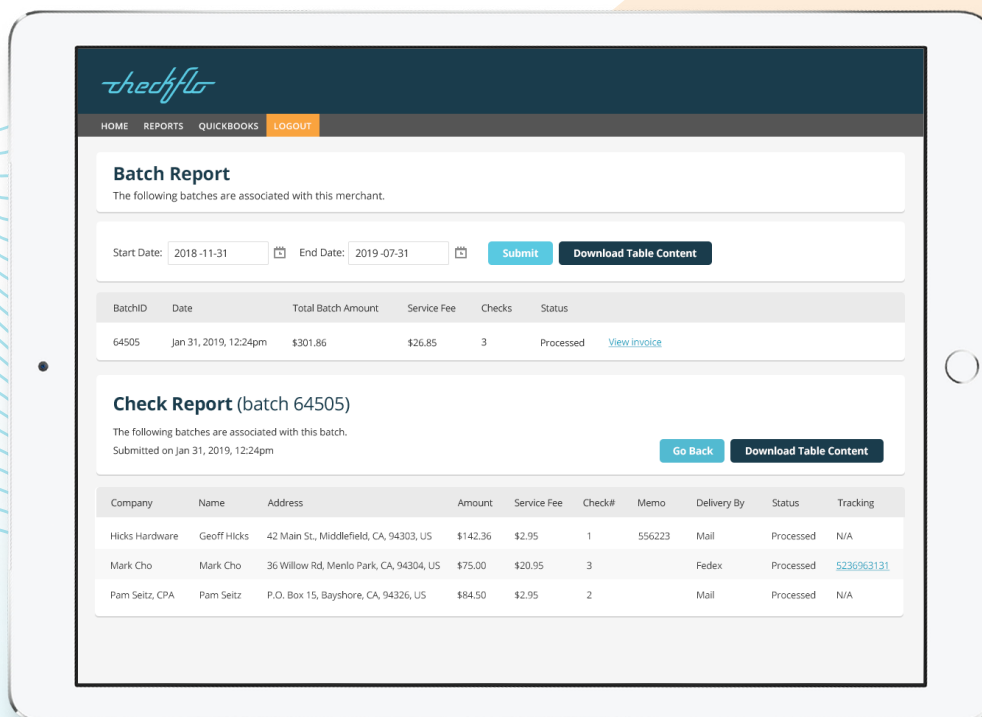

# Instant Access Wherever Whenever

## Know all the important facts:

Our accountant friendly reports allow you to manage, track, and analyze your checks, deliveries, and more. Your information is available 24/7 by accessing our secure client portal.

- ✓ Printed check numbers
- ✓ Immediate tracking number
- ✓ Order completion confirmation

# Modernizing Check Printing

Let's Get Digital

## Send Checks in Seconds:

Do away with the inconvenience of signing and spend less on checks, stamps, and envelopes. Checkflo allows you to send out checks anytime, anywhere without the hassle associated with paper checks. No more time wasted at the post office, misplacing stamps, or running low on check stock. As long as you have WiFi, you'll have the power to pay.

### THE OLD FASHIONED WAY

Monthly Materials:	\$150

# Marketing Opportunities

Give your brand a voice

Turn regular payments into marketing opportunities. Someone can trash an e-mail, but nobody is ripping up a check. Checkflo gives you the unique advantage to print promotional text as part of your payment, turning ordinary checks into advertising space!

## Easily integrate To QuickBooks

Checkflo connects directly with QuickBooks, which means you'll spend less time on double data entry when it's time to reconcile your checking account. The books will always be accurate and up to date with the most recent expenses paid by check.

1. Click on "Get App Now" within the Intuit app store.
2. Register with Checkflo & verify your bank account.
3. Once your bank account is verified, you can print & send checks instantly!
